FEDERAL PUBLIC NOTICE

Tidewater Joint Permit Application:

The Norfolk District Corps of Engineers, Department of Environmental Quality (DEQ) and the Virginia Marine Resources Commission (VMRC) have issued a revised version of the Tidewater Joint Permit Application (JPA). The Tidewater JPA is an abbreviated version of the Joint Permit Application used for impacts in tidal waters, or wetlands, or dunes/beaches. Activities eligible to use the Tidewater JPA include piers, boathouses, boat ramps, moorings, marinas, aquaculture facilities, riprap revetments, bulkheads, marsh toe stabilizations, breakwaters, beach nourishment, groins, jetties, road crossings over tidal waterways, and utility lines over or under tidal waterways.

The revised Tidewater JPA PDF document with fillable forms has been updated on the Regulatory webpage on this date. The web link for the JPA can be located under the Commonly Requested Information tab or click on the following link:
